

"Grandpa is
no fun when
he is sick."

You can help keep grandpa healthy by volunteering at India Community Center's Free Medical Clinic.

India Community Center's Free Medical Clinic provides uninsured adults high-quality free acute care in a culturally respectful and linguistically supportive environment. Many of the clinic patients are elders visiting the US from over-seas, who would have to delay treatment or go without care for chronic health issues without the medical service provided at ICC.

If you are a **Physician** or **Non-Physician Provider** interested in **volunteering** a few hours of your time (no long term commitment), **please email** ICC's Clinic Coordinator, Ashley Williams, at ashley@indiacc.org. Please include the following information in your email:

- **Availability**
- CA and DEA **License** numbers
- **Insurance** details (Kaiser "short form" if applicable)
- A completed **Application** for Professional Liability Insurance
 - **Physicians** <http://bit.ly/1F2Z0Tg>
 - **Nurse Practitioners** <http://bit.ly/1i4UzNq>
 - **Non-Physician Providers** <http://bit.ly/1K3xnZs>

Clinic hours are twice a week thanks to the help of volunteer Physicians:
Wednesday evenings – 6:00pm to 8:30pm Saturday morning – 9:30am to 12:30pm

India Community Center Free Medical Clinic - 525 Los Coches Street, Milpitas
